

## Non-tower operations procedures review at Fullerton airport.

With the announced closure of several ATC facilities in the LA Area, it's a good time to take a review of the standard rules and procedures for use at Non-tower airports, as well as the specific methods for arriving and departing at Fullerton Airport. We will review proper methods for VFR and IFR flights, communications, flight paths and more.

**Directions:** AFI Main Hangar, next to self-serve fuel island west of the terminal building.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
